Industry Leading Wire Supply Company, Cole Wire, Offers Various Product Specials

Cole Wire is not only an industry leading [wire supply company](#) that stocks virtually all types of electrical and electronic cabling and wire products; the company ensures that clients get the best deals at the best prices on their orders as well. Recently, Cole Wire announced that it would be running a few promotions and specials on some of their inventory.

At present, some of the specials on offer include 14-503 2AWG [Welding Cable Class K Strand](#) (30AWG) selling for as little as \$0.89/ft., 14-0506 2/0 Welding Cable Class K Strand (30AWG) for \$1.76/ft. and 14-0508 4/0 Welding Cable Class K Strand (30AWG) for only \$2.79/ft.

Other stock items that have been priced to move include 07-3079EA Armored Profibus 22AWG 1Pair, Foam PE & Foil Braid Shield, 300V (Armored Belden 3079A Equal) for \$2.98/ft., 15-1277 2AWG 3Cond w/Grd, N/S, EPR/PVC, 2.4KV MV105 at \$9.95/ft. and 13-6451 18AWG 3Cond Braided Shield, Clear PVC Jacket, 300V 105C at \$0.57/ft.

As with other specials and promotional offers that are available from time to time, some terms and conditions may apply when purchasing those mentioned above. Minimum quantities will usually apply – in some cases, 500ft. or more will need to be purchased at a time. Transactions may also be subject to prior sales, so it is essential for buyers to call ahead and inquire.

In addition to great prices, product ranges and service, Cole Wire offers customers fast and competitive quotes, same-day shipments (subject to availability), no additional charges for cutting of cable, stocking programs, re-spooling and a 24-hour emergency service. Custom striping, coloring, printing, twisting, paralleling and printing can also be ordered.

Anyone who is interested in finding out more about the product specials or other items that Cole Wire has for sale can do so here: <http://www.colewire.com>.
